289th Mail Sale

of

United States Coins and Currency

To Be Sold On

JUNE 25, 1970

**THIS IS A MAIL SALE
THERE IS NO FLOOR COMPETITION**

ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

23rd EDITION (1970) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS"
AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOT ETHAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

EAGLES (\$10 GOLD) TYPE I

76.—1795 BUST WITH 15 SMALL STARS, SMALL EAGLE, very fine appearing but highly porous planchet. Catalogs v.f.	1,500.00
---	----------

EAGLES (\$10 GOLD) TYPE III

77.—1799 BUST RIGHT, 13 SMALL STARS, LARGE EAGLE, Uncirculated with attrac- tive yellow patina, close examination with a strong glass reveals very faint rubbing, mounted in plastic with appropriate lettering. MANY TIMES RARER THAN THE USUAL LARGE STARS VARIETY OFFERED! Should realize close to 2,000.00	2,000.00
78.—1801 Large Stars obverse, evidently used as jewelry as it appears to have been "sweated". It has a "ghost-like" appearance altho it is legible. The lowest catalog value is for "fine" at \$600; this probably worth half.	

EAGLES (\$10 GOLD) TYPE IV

79.—1839 LIBERTY WITH LOOP FROM EAR and SCALLOPED BASE OF BUST, Large Letters (only struck in later 1838 and early 1839) virtually Uncirculated, only barest friction, much luster. VERY RARE SO CHOICE! Catalogs much too low unc. at only	900.00
---	--------

EAGLES (\$10 GOLD) TYPE V

80.—1840 REDESIGNED LIBERTY, small letters, small (tiny) date, extremely fine. Cat.	75.00
81.—1841-O Extremely fine, pinpoint nick. The Miles very fine coin realized \$450 in 1966; surely this superior specimen of this VERY RARE date worth closer to	600.00
82.—1842-O Larger (medium-size) date, near Uncirculated. Catalogs unc.	225.00
83.—1849 Extremely fine. Catalogs	65.00
84.—1849-O Extremely fine with traces of luster. A RARE DATE SELDOM OFFERED. The Wolfson very fine specimen sold at public auction (N. Y. Oct. 1962) realized \$150.00. The Miles specimen was also very fine (probably the same coin).	
85.—1850 Extremely fine. Catalogs	65.00
86.—1851-O Virtually Uncirculated, only barest friction. Miles specimen in similar condition in Oct. 1968 realized	115.00
87.—1853-O Very fine. Catalogs	75.00
88.—1854-S Very fine, first years "S" mint. Popular. Catalogs low at only	60.00
89.—1855 BRILLIANT UNCIRCULATED WITH WIRE EDGE! EXCELLENT FOR DATE OR "TYPE". The "bag marked, light scratch before chin" Miles specimen in 1962 realized \$125; surely this FAR SUPERIOR SPECIMEN (we cannot find where a comparable one sold in recent years in a "name sale") worth	250.00
90.—1856-S Extremely fine. Catalogs	75.00
91.—1856 Extremely fine and sharp. Catalogs low at only	65.00

EAGLES (\$10 GOLD) TYPE V (Cont.)

92.—1857-S Similar to the "About Extremely Fine" Miles specimen which the catalogers called "A scarce coin to locate in any condition, and worth considerably more than the Guidebook suggests. A bid of \$175.00 would not be unrealistic." The Miles coin sold at public auction Oct. 1968 at	170.00
93.—1858-O Brilliant Uncirculated with the reverse Prooflike! A lovely specimen of this rare date. The "name sales" of recent years did not seem to have a comparable specimen! Should realize close to	500.00
94.—1860-O Extremely fine, pinpoint nick. RARE. Seldom offered. The comparable Miles specimen in 1968 realized	150.00

EAGLES (\$10 GOLD) TYPE VI

95.—1874 "IN GOD WE TRUST" above eagle, near Uncirculated. Catalogs E.F. \$85; this one worth closer to	100.00
96.—1874-CC Very fine. RARE. Seldom offered. Catalogs low at only	175.00

97.—1876 Similar to the "Extremely Fine but burnished" Miles specimen which the catalogers described " Only 732 struck in all. Lacking in the fabulous Wolfson Sale (1962). A Very Fine polished example in the Walton Sale realized \$560.00 in 1963. No other record available of others sold in the past decade. EXTREMELY RARE AND WORTH \$1,000.00. " Due to the great rarity of this date and the similarity in condition to the Miles coin, this could very well be that specimen. There is a price of "\$875" on the envelope which is what the Miles coin realized in 1968; certainly it should now bring at least the then estimated value of	1,000.00
---	----------

98.—1880-O BRILLIANT UNCIRCULATED WITH WIRE EDGE, SOME PROOFLIKE SURFACE! Envelope marked, "From KING FAROUK COLLECTION". A lovely GEM. We cannot find a comparable specimen in any of the "name sales" of recent years. VERY LOW COINAGE OF ONLY 9,200. Well worth	350.00
---	--------

99.—1880-S Uncirculated, usual "bag-marks". Catalogs	75.00
--	-------

100.—1882-CC Extremely fine. RARE SMALL ISSUE. Catalogs low at only	185.00
---	--------

101.—1882 GLITTERING PROOF which has been kept loose with other coins and acquired some very minute imperfections (visible only with a glass). ONLY 40 STRUCK! Catalogs	1,000.00
---	----------

102.—1884 CC Near Uncirculated. RARE. The "About Uncirculated" Miles coin realized \$220 in 1968; we note unc. now catalogs	250.00
103.—1888-O Near Uncirculated with luster, unusually sharp. The Miles (N. Y. public auction Oct. 1968) "Brilliant Uncirculated, choice" specimen realized \$220; this worth proportionately.	
104.—1891-CC Fine and sharp. Catalogs	55.00
105.—1892-O Near Uncirculated. Small issue.	75.00
106.—1893-O Near Uncirculated. SMALL ISSUE.	80.00
107.—1894-O Uncirculated, usual "bag-marks". Catalogs	80.00
108.—1895-O Extremely fine with traces of luster. Catalogs	60.00
109.—1899-S Extremely fine and sharp. Catalogs	60.00

EAGLES (\$10 GOLD) INDIAN HEAD TYPE

110.—1911-D Uncirculated with sharp struck "D", very faint rub visible only under a glass. SCARCE. Catalogs	225.00
111.—1916-S Uncirculated with usual "bag-marks". SCARCE. Catalogs	175.00

HALF EAGLES (\$5 GOLD) TYPE I

- 112.—1795 BUST RIGHT, 15 STARS, SMALL EAGLE, the eagle side is a sharp extremely fine which on close inspection reveals slight solder signs at edge the bust side while quite legible in all respects, shows considerable wear (probably a technical "very good" or possibly "fine"). Excellent to display for "type" with eagle side showing (the Liberty bust right was used to 1807 but the Large Eagle reverse was introduced in 1797). The catalog values in only fine is 1,400.00

HALF EAGLES (\$5 GOLD) TYPE II

- 113.—1798 Similar bust but 8X5 STARS, LARGE HERALDIC EAGLE, small 8, 13 stars, reverse, near Uncirculated. Popular as "first year of type". 700.00

- 114.—1798 ERROR DIE WITH 14 STARS REVERSE, Large 8, virtually Uncirculated, only barest rubbing! Characteristic reverse die breaks caused by the shattering of the reverse die. We have seen estimates of only from 15 to 20 known specimens in all! SUPERIOR TO THE MILES SPECIMEN SOLD AT PUBLIC AUCTION IN 1968 WHICH REALIZED \$1,800; VERY NEARLY THE EQUAL OF THE LAST SPECIMEN WE HAD WHICH WAS VALUED 2,500.00

- 115.—1800 PROOFLIKE, SHARP STRIKE! A lovely specimen excellent for "type" or date! Acquired four years ago when it was valued \$1,500; could now bring more.

- 116.—1803 Over 2, near Uncirculated, tiny nick on obverse. 675.00

- 117.—1804 Small 8, Uncirculated with orange patina, sharp strike! SMALL COIN-AGE. Breen in his monograph states, "this date is a great deal scarcer than any other in the 1800-07 group." The Miles "About Uncirculated, edge nick" specimen in 1968 realized \$650; surely this superior specimen now worth closer to 1,000.00

- 118.—1806 STARS CHANGED TO 7X6 (rather than 8X5 as used 1798-1806 pointed 6) Round top 6, fine. Scarce date and "type". 450.00

- 119.—1807 Bust right, similar type as above with 7X6 stars, BRILLIANT UNCIRCULATED, SHARP STRUCK but under a strong glass a faint short light line resembling a die break is evident. Acquired as a "GEM" in 1965 at 1,000.00

HALF EAGLES (\$5 GOLD) TYPE III

- 120.—1807 BUST LEFT IN CAP, "5D." ADDED TO REVERSE, extremely fine and sharp. Catalogs 675.00

319.—1858 PERFECT BRILLIANT PROOF WITH WIRE EDGE! A MAGNIFICENT SPECIMEN OF THIS GREAT RARITY! Breen in his monograph "U. S. Gold Dollars" states, "Possibly a dozen proofs are known". Deducting those impounded in the Smithsonian and other museums as well as foundations, a leading authority states, "I doubt if as many as 6 proofs are available to collectors". Since there are old records of proofs with some abrasions changing hands, we doubt if more than 2 or 3 of these 6 are still in choice condition after the elapse of over a century. AN EQUAL SPECIMEN TO THIS REMARKABLE ONE MAY EXIST, BUT CERTAINLY NOT A SUPERIOR ONE! Any price given to this great rarity would have to be theoretical. Certainly this date in proof has been offered fewer times than the 1875 proof which catalogs \$3,700.00. Since we try to evaluate all items in our sales, we conservatively feel that it should realize upwards of 1,500.00

1914 FEDERAL RESERVE NOTES — BLUE SEALS

Some of the values listed in the standard reference works are theoretical on this series as we cannot find records on some changing hands, even tho we checked records back for 15 years. We believe this series shows a great potential for future rise in value—they still sell relatively close to face value, and with the issuance of the 1863 series \$1 Federal, new interest has been centered on this long neglected series. WE DO NOT KNOW OF ANY COMPLETE COLLECTION!

1861 CONFEDERATE CENT & HALF DOLLAR

592.—1861 CENT, GLITTERING RED AND BLUE PROOF, SHARP STRUCK, FAR SUPERIOR TO MOST SPECIMENS WE HAVE HANDLED OVER THE YEARS. The copper restrike made by Capt. Haseltine in the 19th century. Very few of the 55 struck still exist. Superior to the last specimen we handled which realized \$1,250.00; probably worth closer to	1,500.00
--	----------

593.—1861 HALF DOL., near Uncirculated with luster, typical flattening on high points of Liberty Seated side caused by striking of Confederate die on opposite side (see page 247 Guidebook for explanation). 19th Century restrike by J. W. Scott. Mounted in plastic holder lettered "Confederate States of America" "50 Cents", "1 Cent" (which held both coins). Catalogs unc.	675.00
594.—1861-O HALF DOL., regular type with eagle reverse, Uncirculated bluish golden very faint rub and tiny nick. Also 1961-D, Brilliant slightly golden Uncirculated. Both mounted in plastic holder lettered "U. S. HALF DOLLARS, CIVIL WAR CENTENNIAL" above with "1861-O 1961, 330,000 struck by U. S. Government, after seizure of New Orleans Mint by the Confederacy Coins Struck For Louisiana and C. S. A.". The 1861-O catalogs unc. \$70 and 1961-D \$2 or total of	72.00

1795 FLOWING HAIR DOLLAR VARIETIES

Based on M. H. Bolender's book issued in 1950 and the Second Revised Edition issued in 1969.

595.—1795 B-1, Two leaves beneath each wing, near Uncirculated, attractive light blue patina. RARE. Catalogs (Bolender) at \$900 in only ex. fine and unc. \$2,000; probably worth close to	1,500.00
596.—1795 B-6, Three leaves under each wing, extremely fine with the reverse closer to "about uncirculated". RARE. Catalogs (Bolender) at	1,000.00

1795 DRAPED BUST, SMALL EAGLE DOLLAR VARIETIES

597.—1795 B-14, Bust centered to left, fine bust and eagle but date, stars, legend and LIBERTY very fine. Catalogs (Bolender) fine \$300 and v.f. \$500; probably worth around	400.00
598.—1795 B-15, Bust properly centered, near Uncirculated. RARE. Catalogs (Bolender) unc.	2,250.00

1796 SILVER DOLLAR VARIETIES

599.—1796 B-2, Small date, small letters, near Uncirculated. VERY RARE VARIETY. Catalogs unc. (Bolender)	1,500.00
600.—1796 B-4, Small date, Large Letters, near Uncirculated with much luster. RARE. Catalogs (Guidebook) unc.	1,450.00

601.—1796 B-5, Large Date, small letters, **UNCIRCULATED WITH ATTRACTIVE PATINA. RARE!** Easily worth over 1,750.00

1797 SILVER DOLLAR VARIETIES

602.—1797 B-1, 9X7 Stars, Large Letters, **UNCIRCULATED GOLDEN. THE RAREST DATE FROM 1795 THRU 1803!** Catalogs low (Bolender) at only \$1,850, should be over 2,000.00

- 603.—1797 B-2, 9X7 Stars, **SMALL LETTERS**, date, stars, **LIBERTY** and outer portion of the bust are quite sharp (grading extremely fine to near Uncirculated), the legend, wreath, and outer portions of eagle also grade extremely fine to near Uncirculated. The eagle's breast and forestrands of bust's hair (due to striking) appear to be closer to very fine. **BY FAR, THE RAREST MAJOR VARIETY OR DATE OF ALL THE EARLY DOLLARS 1794-1803! ONLY 342 WERE STRUCK COMPARED TO 1758 FOR 1794!** Catalogs too low in very fine at only \$1,050; surely this choice specimen worth closer to 1,500.00
- 604.—1797 B-3, 10X6 Stars, Near Uncirculated, some luster still adhering, edge nick on reverse. **ONLY 2493 STRUCK COMPARED TO 1758 FOR 1794 and 4941 for 1797 B-1!** Next to the 1794 in rarity of all the early dollars 1794-1803 listed in Guidebook! Catalogs low in Bolender at ex. fine \$1,000 and unc. 1,850.00

1798 SILVER DOLLAR VARIETIES

605.—1798 MINT ERROR, B-1, 13 STARS, SMALL EAGLE, LARGE LETTERS, **DOUBLE STRUCK OBVERSE & REVERSE WITH DOUBLE STRIKING QUITE SHARP THRUOUT. THE SHARPEST STRUCK SPECIMEN WE CAN RECALL SEEING! ONLY SLIGHT FRICTION TO MAR ITS LOVELY BLUE & PURPLE PROOFLIKE LUSTER! WE BELIEVE THIS TO BE "CONDITION CENSUS" FOR THIS RARE VARIETY WHICH IS SELDOM OFFERED IN BETTER THAN VERY FINE!** It was our privilege to handle this specimen over 10 years ago when we sold it for \$950; since then these early dollars have more than doubled in value, therefore we believe this remarkable specimen should now realize closer to 2,000.00

- 606.—1798 B-2, 15 STARS, SMALL EAGLE **SMALL LETTERS**, near Uncirculated with luster. **VERY RARE SO CHOICE!** If not actually "Condition Census", it is certainly very close to it! We believe that the Guidebook valuation of \$1,500 for unc. is theoretical rather than based on records of sales of actual "Uncirculated" specimens.
- 607.—1798 B-4, KNOB 9, extremely fine and sharp with lovely patina, tiny nick. **RARE.** 450.00

608.—1798 B-5, KNOB 9, **HEAVY VERTICAL DIE BREAK ALONG RIGHT SIDE OF SHIELD ENTIRELY ACROSS REVERSE. A CHOICE VIRTUALLY UNCIRCULATED SPECIMEN SHOWING ONLY BAREST FRICTION.** Bolender states, "Haseltine had found but a single specimen (fair), and I have seen but one. **EXCESSIVELY RARE**" It was acquired 1965 as "The Third Specimen Known And By Far The Choicest." It was valued then (1965) at \$2,500.00. We do not know its present value now, 5 years later.

- 609.—1798 B-13, **ONLY 10 ARROWS**, extremely fine. 350.00
- 610.—1798 B-8a, **ONLY 4 BERRIES IN BRANCH**, (the only such die), extremely fine. Some interesting die breaks causing the reverse die to swell and head of eagle to be a bit higher (resulting in eagle's head showing a bit more friction than balance of coin). **Bolender states, "VERY RARE"**. Acquired over 5 years ago when it was valued 500.00
- 611.—1798 B-14a, **MEDIUM WIDE DATE**, near Uncirculated. **RARITY 6 (EXTREMELY RARE VARIETY).** 750.00

1798 SILVER DOLLAR VARIETIES (Cont.)

- 612.—1798 B-17, VERY WIDE DATE, ONLY 10 ARROWS, very tiny berries, extremely fine with luster, lovely patina. BOLENDER KNEW OF ONLY ONE SPECIMEN (his own) WHICH WAS IN FINE CONDITION!! Haseltine ONLY FOUND A SINGLE SPECIMEN WHICH WAS ONLY GOOD!! It was our privilege to handle this specimen in the 1950's at \$575 and again almost a decade later at \$1,150.00. What it is now "worth" is problematical, surely at least 1,500.00
- 613.—1798 B-21, Very Wide Date, Only 10 Arrows and a "Stick", die dot above 9 in date, near Uncirculated, only barest friction, lovely patina. RARITY 4 (VERY RARE). Catalogs (Bolender) unc. at 900.00
- 614.—1798 B-23a, Very Wide Date with 8 TOUCHING BUST, 13 Arrows, 5 small berries, **UNCIRCULATED, SHARP STRUCK, PERFECTLY CENTERED, LOVELY BLUISH GOLDEN PATINA! A MAGNIFICENT SPECIMEN OF THIS VERY RARE (RARITY 4) VARIETY! PROBABLY "FINEST KNOWN"!** It is difficult to value a choice rarity such as this. We note a leading California dealer advertised on page 1190 of the August, 1968 Numismatic Scrapbook an 1802 B-6 (rarity 1—one of the "commonest"—if any of these early dollars can today be called "common"), in Brilliant Uncirculated at \$1,250.00. Surely this many times rarer coin worth over 1,500.00
- 615.—1798 B-24a, Medium Wide Date, 13 arrows, 5 small berries, die failure causing some of reverse stars not to be fully struck up, virtually Uncirculated, only barest rubbing on high points. Sometimes called "Americai" variety due to heavy vertical die break "I" after final A in AMERICA. Catalogs unc. 825.00
- 616.—1798 B-27, CLOSE DATE, HIGH 8, **UNCIRCULATED WITH LOVELY BLUISH GOLDEN PATINA, SHARP STARS & DENTICALS AT EDGE! UNDOUBTEDLY, "CONDITION CENSUS"!** Rarity 2. If the "commonest" variety (Rarity 1) is worth \$1,250.00 (see ad page 1190 of August, 1968 Numismatic Scrapbook by leading California dealer) then this rarer date nearly 2 years later should surely be worth at least 1,500.00
- 617.—1798 B-31, Similar obverse die but **A NEW REVERSE DIE UNKNOWN TO HASELTINE.** Struck from broken dies resulting in lower portion of collar of bust and opposite portion of reverse (top right star) not being fully struck up, near Uncirculated with luster. Listed by Bolender as "EXCESSIVELY RARE. RARITY 7". Surely this great rarity worth well over \$1,000; probably closer to 1,250.00

1799 SILVER DOLLAR VARIETIES

- 618.—1799 OVER 98, B-1, 13 Stars reverse, Uncirculated bluish golden, some interesting die breaks (which probably accounts for the small number coined). "VERY RARE. RARITY 5" Catalogs much too low at only 875.00
619. 1799 OVER 98, B-3, 15 STARS REVERSE (die engraver's error — "corrected" by placing Large clouds over first and last stars, but points of stars "peep out"), **UNCIRCULATED WITH LOVELY PROOFLIKE PATINA**, struck from slightly swelled reverse die resulting in some of the eagle's wing feathers not being fully struck up. Probably "CONDITION CENSUS", VERY RARE. RARITY 5. Easily worth 1,250.00
- 620.—1799 B-4, IRREGULAR DATE, 15 STARS "ERROR" REVERSE, bust fine with LIBERTY, date & stars very fine; almost all of reverse very fine. RARE! Seldom offered in any condition. Catalogs low in v.f. at only 235.00
- 621.—1799 B-5, Variety with **IMPERFECT U IN UNITED, UNCIRCULATED WITH LOVELY BLUISH GOLDEN PROOFLIKE PATINA**, careful examination with a strong glass reveals a faint short "mint-equalization line". Well worth 1,250.00

622.—1799 B-6, BRILLIANT SLIGHTLY GOLDEN UNCIRCULATED, REVERSE PROOFLIKE. THE CHOICEST SPECIMEN OF THIS VERY RARE (RARITY 5) VARIETY! UNDOUBTEDLY, HIGH UP IN "CONDITION CENSUS"! EASILY WORTH	2,000.00
--	----------

- | | |
|---|----------|
| 623.—1799 B-7a (7b?) Similar to B-7a but SOME ADDITIONAL UNLISTED DIE BREAKS, late die state with center reverse stars not fully struck up, extremely fine. VERY RARE. RARITY 5. | 400.00 |
| 624.—1799 B-8b, HYPHEN variety (line connects bottom of NI in UNITED), UNCIRCULATED GOLDEN, faint rub. VERY RARE. RARITY 5. With "common" varieties (rarity 1) cataloging \$775, surely this rarity worth well over | 1,000.00 |

VERY RARE VARIETY. RARE CONDITION! Catalogs (Bolender) \$850 for B-1, therefore this rarer B-1a surely worth over | 900.00 |
| 636.—1801 B-2a, ONLY 12 ARROWS, light die break thru "O" in "OF", very close indeed to UNCIRCULATED with only the barest rubbing in center, SHARP STARS, lovely bluish golden patina. VERY RARE VARIETY. "Common" varieties catalog \$700 unc.; surely this rarity worth somewhat more. | |

1802 SILVER DOLLAR VARIETIES

1802 SILVER DOLLAR VARIETIES (Cont.)

639.—1802 B-5, WIDE NORMAL DATE, UNCIRCULATED GOLDEN. A LOVELY SPECIMEN OF THIS EXTREMELY RARE (RARITY 6) MAJOR VARIETY Only B-5 has the wide normal date! One leading authority states, "Probably one to two dozen specimens exist" while another has ventured the opinion that "perhaps 15 to 20 specimens in all exist." Probably "CONDITION CENSUS" FOR THIS GREAT RARITY! Easily worth 1,250.00

640.—1802 B-6, CLOSE NORMAL DATE, extremely fine obverse with luster, reverse very close indeed to Uncirculated. 400.00

1803 SILVER DOLLAR VARIETIES

641.—1803 B-2, Small LOW 3, near Uncirculated with luster, die break after D in UNITED and left wing tip to edge, 12 Arrows show plainly but 13th is faint. EXTREMELY RARE. RARITY 6. 750.00

642.—1803 B-4, Small THIN HIGH 3, ONLY 12 ARROWS, UNCIRCULATED WITH LOVELY BLUISH GOLDEN PATINA, SHARP STARS; close examination with a glass reveals some slight rubbing (probably from sliding on the velvet in the old coin cabinets). RARE. RARITY 3. Catalogs much too low at only 725.00

643.—1803 B-5, Small 3 TOO HIGH, near Uncirculated. VERY RARE. RARITY 5. Catalogs much too low at only 725.00

644.—1803 B-6, LARGE 3, BRILLIANT UNCIRCULATED GEM WITH SOME PROOFLIKE SURFACE! IT IS DIFFICULT TO VISUALIZE A LOVLIER SPECIMEN OF THESE OLD DOLLARS. This specimen was the pride and joy of its owner and was the choicest specimen of this type he could find in thirty years searching! Valued by him at 2,000.00

1836 GOBRECHT FLYING EAGLE DOLLARS

Acknowledged as one of the MOST BEAUTIFUL OF ALL U.S. COINS, its rarity and popularity has consistently advanced its values over the years. We cannot see why this should not continue in the future. As B. Max Mehl would say, "It should give dividends, both pleasurewise and moneywise."

645.—1836 No Stars obverse, stars on reverse, plain edge, GOLDEN PROOF. Catalogs 1,900.00

646.—1836 Similar but INVERTED REVERSE, BRILLIANT PROOF. CHOICE! Nearly twice as rare as above "normal" offered variety. Struck March 31, 1837. The law authorizing a silver dollar of this weight and content was passed January 18, 1837, therefore this is a "regular" coin similar in nature to the 1856 Flying Eagle cent. This rarity in this remarkable condition should be worth closer to 3,000.00

647.—DIE TRIAL OF OBVERSE 2ND DIE, LIBERTY figure thick set with short neck, details lacking on rock, fusible white alloy, cracked impression. ONLY 2 KNOWN! JUDD PLATE COIN. Ex. Lohr Collection. The other specimen was sold at \$550 well over a decade ago in the 1950's when the regular Gobrecht dollar was bringing only a fraction of its present \$1,900 valuation. Surely this great rarity now worth well over 1,000.00

648.—1836 Similar but first variety listed in Guidebook with "C. Gobrecht F." in field between base and date. ONLY 18 STRUCK! LOVELY PROOF! We note the ad on page 13 of the September 10, 1969 Coin World by a leading California dealer of the other "C. Gobrecht F." in field variety (his was with eagle in in plain field, the second one listed in Guidebook — this is the variety with eagle in field of stars). His price was \$5,900.00. What this great rarity will now bring, will have to be decided by you, the bidder.

NOTATION BY WALTER BREEN ON REVERSE OF "BOX" HOLDING COIN, "3 SEEN". This would include the U. S. Gov't. Collec- tion in the Smithsonian, A.N.S. Museum and Eliasberg Foundation. Com- parable in quality to the proofs of the 1860's. AN OUTSTANDING RARITY AND PROBABLY THE "CHANCE OF A LIFETIME" TO ACQUIRE ONE OF THE RAREST OF ALL PROOF U.S. COINS! Any value assigned to this is theoretical. We do know that fewer proofs exist than the 1851 (catalogs \$2,750), 1852 (cat. \$2,000). Acquired at \$1,250.00 in the 1950's when we were privileged to disperse the remarkable collection of silver dollars which con- tained the best obtainable specimens of dollars 1794-1935 including var- ieties. Many were "CONDITION CENSUS" and "FINEST KNOWNs". The 1851 Original in proof in that collection sold at \$1,500.00. Now, well over a decade later, we find records of the 1851 being offered in the intervening period but not of a comparable 1850! The 1851 presently catalogs \$2,750.00. What this RARER 1850 GEM PROOF will realize, your opinion is probably as good as ours.

760.—1921 BRILLIANT PROOF WITH "SQUARE" RAISED EDGE, GEM! The last time we were privileged to catalog a specimen was in our Nov. 1968 sale. We repeat what we wrote there:

"ONLY 50 STRUCK COMPARED TO 880 OF 1895. RAREST PROOF LIBERTY HEAD DOLLAR (by far). The Guidebook has a "-" in place of price due to rarity. The "Proof" of this year is a story unto itself. The mint struck 50 "Proof or Specimen Strikes" for the renowned Farren Zerbe. The last proof prior dollar was in 1904 and the last mirror-like finish proof in 1915 (10-25-50c). While the planchets were polished and the dies polished (as in producing the 1915 proofs) they were not polished to quite the same degree of "depth" of proof surface. The "square" edge is evidence of greater pressure used in striking (as done for proofs). WE CANNOT OVER-EMPHASIZE THE TRUE RARITY OF THIS SPECIMEN! A LEADING AUTHORITY STATES, "I BELIEVE IT TO BE RARITY 7" (4 to 12 known)! The difficulty in using records for this is that 99% of those we have examined and listed as "PROOF" have turned out to be, "First-Strikes" (Uncirculated Sharp Struck specimens with prooflike surface — as frequently occurred in many dollars.) If this GREAT RARITY were in our stock, we would price it \$2,500.00. It realized

1795 HALF DOLLARS

- 787.—1795 Overton 36, CA of AMERICA recut, extremely fine and sharp with nice even full strike. An esthetically pleasing specimen. Rare so choice as most dies show weakness of one sort or another. Well worth 1,000.00
788.—1795 Ov-61, S Recut Over D in STATES, extremely fine, typical strike with eagle's breast and wing tips not fully struck up, also a few light "mint-equalization" lines on reverse which occurred in many of the U. S. coins prior to 1800. Overton states, "VERY RARE". Surely this rarity worth at least 1,000.00

- 789.—1795 Ov-27, 3 LEAVES UNDER EACH WING, very fine, characteristic heavy reverse die break causing the top hair of bust not to be fully struck up, even deep blue patina. A superior specimen of this "EXTREMELY RARE" (Overton) die and "TYPE". Since this is the only die combination with the 3 leaves reverse, there is a strong demand for it. The Miles specimen (sold by Stacks April, 1969 N. Y. public sale) had a very fine specimen which was described as "the second finest known; it is interesting to note that more 1796 and 1797 Half Dollars are sold at auction than 1795 three leaves Half Dollars." Catalogs 1,000.00

HALF DIMES

1505.—1794 15 STARS (states) FLOWING HAIR, UNCIRCULATED WITH BLUE PATINA, SHARP STRUCK WITH PROOFLIKE SURFACE, THE SHARPEST HAIRLOCKS OF LIBERTY THAT WE CAN RECALL SEEING ON ANY 1794 IN ALL OUR THIRTY-SEVEN YEARS AS PROFESSIONAL NUMISMATISTS! Classified as V-1 variety with wide date and double leaf at top of right branch. Regardless whether it is V-1 or V-2 (same reverse) it is VERY RARE, PARTICULARLY IN THIS REMARKABLE CONDITION! Well worth 2,500.00

- 1506.—1795 UNCIRCULATED WITH BLuish PATINA, SHARP STARS, SHARP EDGE BEADING BOTH SIDES,** absolutely no signs of wear or friction but some hair strands and corresponding portions of reverse (eagle's wings and breast) not fully struck up. Catalogs low at only 950.00
- 1507.—1796 DRAPED BUST, SMALL EAGLE REVERSE, "LIKERTY" variety, near Uncirculated. ONE OF THE CHOICEST SPECIMENS KNOWN! Acquired as "Excessively Rare In This State of Preservation". Valued by owner at 2,500.00**
- 1508.—1797 15 Stars, extremely fine with some luster. A choice attractive specimen of this rare date. 1,000.00**

1509.—1797 16 STARS, BRILLIANT SLIGHTLY GOLDEN UNCIRCULATED with PROOFLIKE SURFACE. While the outstanding Miles collection (sold by Stacks April, 1969) had a similar 1796 specimen which they called a "SPECIMEN STRIKING", the best Miles could obtain in his many years of searching was an "About Uncirculated" specimen. The 1796 in that sale realized \$2,700.00. We feel this remarkable specimen is worth as much or 2,700.00

- 1510.—1800 HERALDIC EAGLE, extremely fine with only slight even wear, attractive patina. Acquired 1965 with several enhancing adjectives used in describing the rarity and desirability of this popular "type" coin at a cost of 850.00**
- 1511.—1801 Very good (uneven wear with some portions good, very good and fine, pinpoint nick). SCARCE. Catalogs 210.00**

1512.—1803 Small date with 8 smaller than 1 (V-3 variety) extremely fine and sharp with attractive patina. Breen in his Half Dimes monograph calls this MAJOR NAKED EYE VARIETY (other dies are Large Dates) a "Borderline R-7". Since R-7 ranges from 4 to 12 specimens, then presumably ONLY 11 OR 12 SPECIMENS ARE KNOWN! Probably, the most undervalued of all the early half dimes 1794-1805! Easily worth 1,500.00

1513.—1805 Virtually Uncirculated with attractive bluish golden patina, only barest friction, close examination with a glass reveals a pinpoint nick, uneven strike on reverse with tip of eagle's right wing not full struck up (as on all genuine specimens we have seen in our thirty-seven years as professional numismatists). The second rarest date of Half Dimes. Due to its rarity in the higher states of preservation, it is not priced in better than very fine condition in the Guidebook. We feel this choice specimen worth close to 2,000.00

1824 WASHINGTON-LAFAYETTE "HALF DIME"

- 1514.—"GEORGE WASHINGTON" around bust, reverse "1824 GENERAL LAFAYETTE" around bust, silver, Uncirculated with attractive blue patina. Struck by the U. S. Mint to COMMEMORATE LAFAYETTE'S VISIT TO THE U.S. IN 1824. Only a very few are known in this Half Dime size as these dies were mainly used to counter stamp cents and some half dollars. **THE FIRST U. S. COMMEMORATIVE!** Acquired 1962 at \$525; it is presently valued by owner at 1,000.00

It is difficult to value this great rarity (one leading authority states, "ABOUT A HALF DOZEN KNOWN") but it certainly is many times rarer than the 1860 Transitional which catalogs 900.00

<p>1780.—1922 PLAIN, Red & bluish olive Uncirculated, tiny nick in hair. NOT A TRACE OF A "D". AN OUTSTANDING RARITY! We believe the "catalog" value for uncirculated to be theoretical. Whenever we have seen "uncirculated" specimens offered, and examined them, they invariably disqualify themselves. We believe this GREAT RARITY to be worth</p>	1,500.00

SHEETS 1882 BROWN BACK NATIONALS

1846.—\$5 F-467, **UNCUT SHEET FOUR** Saint Paul National, SAINT PAUL, NEBRASKA, dated Feb. 27th, 1884, charter 3129, sheet margins top & bottom with various printed initials top obverse margin and sheet number bottom reverse margin, new, crisp, **SUPERB!** Lovely sheet. According to our records, we last handled a sheet from this bank (not as choice as this sheet) three years ago wherein it was valued \$1,500.00. Surely this remarkable sheet now worth at least as much if not more.

1847.—\$5 F-477, **RECONSTRUCTED SHEET FOUR** (cut sheet has been taped together with small paper tapes on reverse) State National of ST. LOUIS, MISSOURI, charter 5172 and overprinted "M" (Midwest), dated Jan. 17, 1899, new, crisp, **SUPERB!** Singles worth at least \$125 each or \$500; surely this reconstructed sheet worth at least

600.00

1848.—\$5 F-477, **RECONSTRUCTED SHEET FOUR**, Western of SAN FRANCISCO, CALIFORNIA, charter 5688, "P" (PACIFIC) overprint, dated Nov. 22, 1900, new. Friedberg values California brown backs at 50% more than the "common" states (N.Y., Pa., etc.) therefore singles are worth \$135 each or \$540; surely this reconstructed sheet worth at least

700.00

1849.—\$10 F-480, **RECONSTRUCTED SHEET FOUR**, National Bank of Commerce in NEW YORK, N. Y., signed by famous financier, J. PIERPONT MORGAN as president, new, crisp, **SUPERB!** Singles worth \$150 each or \$600; surely this reconstructed sheet worth at least

750.00

1850.—\$10 F-480 (3 notes) & \$20 F-494, **UNCUT SHEET FOUR**, First of JACKSONVILLE, ILLINOIS, charter 511, **SERIAL NUMBERS IN RED** (above 4 sheets in normal blue ink) # 1 AT LEFT ON ALL FOUR NOTES, horizontal creases between notes, new. Acquired from sale three years ago wherein it was valued \$3,000.00 (even tho it did not state it was number 1 and number in red). Surely this remarkable sheet now worth more.

1902-1908 UNCUT SHEET GEORGIA

1851.—\$10 F-614 (3 notes) & \$20 F-640 **UNCUT SHEET FOUR**, First of SANDERSVILLE, GEORGIA, charter 7934, "S" (South) overprint, printed initials top & bottom obverse & reverse margins, "1902-1908" top obverse margin, very fine (creased horizontally & vertically). Friedberg catalogs Georgia notes v.f. at \$50 for \$10 and \$95 for \$20 or total \$245 but Van Belkum's book on Nationals lists this as a **RARE VERY SMALL BANK**. In addition, its additional value as an uncut sheet should surely place its value to over

500.00

1902 SHEETS BLUE SEAL NATIONALS

1852.—\$5 F-598, **RECONSTRUCTED SHEET FOUR** (cut sheet has been taped together with small paper tapes on reverse) First of HART, MICHIGAN, charter 6727, close margins top & bottom notes, new. Worth about \$140 as single notes but reconstructed sheet worth at least

175.00

1853.—\$5 F-605 (**SCARCE**) **UNCUT SHEET FOUR**, Cherry Creek National of CHERRY CREEK, N. Y., charter 10481, printed initials top & bottom obverse margins; "J.C.F. * 4380" top reverse margin, "1902-1908" **TOP OBVERSE MARGIN** as in lot 1851 (but does not have "1902-1908" on reverse), "Last Sheet" written in pencil next to "1902-1908", new, crisp, **SUPERB!** Acquired 1961 as "ERROR SHEET" (due to "1902-1908" obverse but not on reverse) at \$1,000.00. We do not know the reason for the discrepancy (1902-1908 obverse but not reverse).

1854.—\$10 F-628 (3) & \$20 F-654 **UNCUT SHEET FOUR**, First of SILVER CREEK, N. Y., charter 10159, no printed initials top but some at bottom obverse margins, "C.A.H." & "4202" top reverse margin, "1902-1908" **TOP OBVERSE MARGIN**, new, crisp, **SUPERB!** Also acquired 1961 as "ERROR SHEET" (due to "1902-1908" obverse but not on reverse) at \$1,500.00. In the absence of more data, we hesitate to venture an opinion as to present value.

1855.—\$10 F-634 (3) & \$20 F-660 **UNCUT SHEET FOUR** with normal "1902" in top margin, fourth of GRAND RAPIDS, MICHIGAN, new but lightly creased between notes. From a sale of two years ago valued
